POZVANI PREDAVAČI / INVITED LECTURES

Yi Cui (CH)

Yi Cui studied veterinary medicine and completed her rotating internship at the university of Ghent in 2012. After visiting several European veterinary medicine faculties she started her residency at the University of Giessen and obtained her diploma of European college of internal medicine in 2019. After working as a supervisor in Internal Medicine in Giessen she moved to the University of Bern to continue her work there as supervisor. She is currently also working on a doctoral thesis about canine tracheal collapse.

Elli Kalemzaki (GR)

With 20 years in the veterinary industry and veterinary marketing and extensive experience in coaching and leading workshops across Europe, Elli is passionate about helping veterinary professionals break out of the busy trap, build a more profitable veterinary practice, improve relationships with clients and employees and enjoy a work life balance. Elli is a graduate of the Faculty of Veterinary Medicine of the Aristotle University of Thessaloniki in Greece and holds a postgraduate degree in Public Health from the National School of Public Health in Athens, Greece. She is a Professional Coach accredited by the International Coach Federation since 2010 and a Certified Practitioner of Neuro Linguistic programming since 2012. Elli lives and works in Prague, Czech Republic since 2013.

Bogdan Alexandru Vitalaru (RO)

Assistant Professor Bogdan Alexandru Vitalaru graduated the Faculty of Veterinary Medicine of Bucharest in 2004, PhD ever since October 2009. Since January 2008, he is a University Assistant and, from January 2016, Assistant Professor at the Faculty of Veterinary Medicine of Bucharest.

Over the years he has written more than 100 scientific papers on topics related to oncologic surgery, dialysis, hemodialysis and emergencies. His last book it is completely dedicated to Peritoneal dialysis in small animals and it will be released also in English in Bulgaria, Turkey and Poland.

Since January 2014, in collaboration with BBraun Romania, within the Faculty of Veterinary Medicine, he opened the first Veterinary Hemodialysis Clinic in Romania and one of the few in Eastern Europe. Starting 2013, he established the Romanian Association of Veterinary Nephrology, Hemodialivet, whose Chairman he is.

In the last 7 years, Dr. Vitalaru has been a lecturer for Hills Romania and KTL in Romania, and Europe regarding urology, nephrology and renal replacement therapies. He is also leading the emergencies Department of the Faculty of Veterinary Medicine of Bucharest since 2015.

He was awarded with the Continuing medical education prize - AMVAC/RoSAVA, Sinaia 12-14 November 2015 and SPEAKER OF THE YEAR - Romanian College of Veterinarians, Bucharest, 17 December 2015.

He has written 4 books on emergencies in small animals and he is a member with some of the most prestigious publications in Romania: Cat life, 2015, Romanian Journal of Veterinary Orthopedics and Imagistic, 2015, Romanian Journal of Veterinary Medicine & Pharmacology, 2016. In 2016, Dr. Vitalaru has received the Special Prize for the best veterinary initiative of the year - Innovation in Health.

Denis Novak (SRB)

Denis Novak graduated from the Faculty of Veterinary Medicine, University of Belgrade in 1998. From 2000 - 2002 he completed his post graduated training in the University of Cambridge - Veterinary School gaining the MRCVS status (Member of the Royal College of Veterinary Surgeons). In 2002 he finished specialized training in diagnostic imaging for the skeletal diseases of dogs and cats in Switzerland and Germany. Since 2002 he holds European license for radiological assessment of hereditary skeletal diseases in small animals. He is member of Gesellschaft für Röntgendiagnostik genetisch beeinflusster Skeletterkrankungen bei Kleintieren e.V (GRSK) and The International Elbow Working Group (IEWG). He is one of the founders and partners in Veterinary Clinic Novak with referral and second opinion service in diagnostic imaging, neurology, orthopedics, cardiology, soft tissue surgery, ophthalmology and internal medicine. Denis is active member of several international veterinary organizations, being involved in the boards and in their work. Denis is particularly active in work within SASAP, FECAVA and WSAVA. He is Board member of FECAVA and he is a President of Serbian Association of Small Animal Practitioners and FVE/UEVP representative for Veterinary Chamber of Serbia. He was actively involved in organization of more than sixty scientific meetings, congresses and workshops throughout the European region. Denis is recognized international speaker in several courses and conferences in Europe on small animal diagnostic imaging, soft tissue surgery and reproduction.
